

# Nordic-Baltic search on legislation - What next ?

## - proof-of-concept 2022 - 2023

- Proof-of-concept of a common search interface for Nordic and Baltic legislative materials in 2022-2023
- The countries for the Proof-of-Concept will be specified after the evaluation of the current situation
- Use of metadata and European standards, such as European Legislation Identifier ELI
- Possibility to search for information on legislative materials related to life events, for example information on study-related support services (study rights, study support, housing support, health care)
  - or working in another Nordic or Baltic country
  - other selected life events

# Nordic-Baltic legislation search (draft proof-of-concept)

# ELI based search approach
